

What I have already learnt in Autumn Term

Where Do I Live?

Name the seven continents and five seas of the world and label them on a map.
Identify the countries and capital cities of the UK
Identify features and characteristics of the countries of the UK
Explore our own village and King's Lynn
Describe where we live

Sisimiut the capital and the second-largest city in Greenland.

Fun Facts about the Arctic

- The Arctic is located at the northernmost part of our planet. Scientists usually define the Arctic as the area above the 'Arctic Circle' — an imaginary line that circles around the top of the globe.
- The ice of the Arctic contains around ten percent of the world's fresh water. This giant, white, frozen reservoir reflects sunlight, helping keep the region cool. It also plays a super-important role in keeping our global climate stable.

Map of the Arctic

Spring Term

The Arctic

Discovering the Arctic Circle and climate.
Identifying the physical features.
Finding out which animals live in the Arctic and where they are found by using and reading maps. Arctic cities and the countries they are found in.
Comparing an Arctic town to a city in the UK.

Vocabulary

Globe - a ball shaped object with a map of the world on it.

Continent - a large area of land that consists of several countries

City - a large town

Arctic Circle - an imaginary line drawn around the northern part of the world
Weather - the conditions outside at a particular time

Season - the main periods a year can be divided into which have typical weather conditions

Climate - the general weather conditions that are typical of a place

Tundra - a large flat area of land where the ground below the top layer of soil is always frozen

Adapted - when something is made suitable for its purpose

Camouflage - the way something is coloured and shaped so it cannot be easily seen in its natural environment

What will we be learning next?

At The Farm

What is a farm, why is it important?
Identify and discuss the main features of a farm.
Use a map to navigate a farm.
How seasons affect a farm.
Differences to life on a farm and in a town.

ARCTIC ANIMALS

Whales

Arctic Foxes

Arctic Wolves

Seals

Dolphins

Arctic Owls

Falcons

Polar Bears

Sharks
