

What I have already learnt in Spring Term

Summer Term

What will we be learning next?

Our European Neighbours

Locate Europe, identify its features.
The countries of Europe.
The flags, human and physical features of the countries of Europe.
Identify and locate the major cities of Europe and discuss their features.
Compare 2 cities.

The Rainforest

Locate the rainforests on a world map. The four main layers of vegetation.
Define the word 'climate' and use charts and graphs to explore the climate of tropical rainforests.
Discover the indigenous rainforest tribes and compare their lives with life in modern society.
How the rainforests are under threat and the actions that we can take to help save them.

Year 4 - In the Desert

What is a desert and where are they located?
What is the weather and climate like in a desert?
What is a desert formation?
Who lives in the desert and how do humans use a desert?
What is desertification?

Tropical rainforests are found close to the equator. This makes the rainforests very hot and humid!

There are many original tribes who still live in the rainforests. Their battle is to save their homes from deforestation.
